FAMILY VIOLENCE PREVENTION INITIATIVE

Print Catalogue

The Family Violence Prevention Initiative Resource Centre maintains a collection of over 2000 audio-visual and print materials available on loan to the public free of charge and also distributes a wide range of publications produced by the Initiative, including fact sheets, brochures, semi-annual newsletters, procedures manuals, directories and other resource materials. These items are also available free of charge to the public. Videocassettes and audio cassettes can be loaned for up to fourteen days and print materials are loaned for thirty days. The Resource Centre also provides a search capacity with links to all Nova Scotia university, public, Legislative and government libraries, as well as the National Clearinghouse on Family Violence. Our web site information is available for download with "hot links" to other relevant sites.

Materials in this catalogue are divided into two sections: by subject heading and by title. Our collection includes books, research and government reports, information kits, training guides and journals and covers a broad spectrum of issues related to family violence. Additional subjects in our collection include early childhood development, parenting skills, custody and access, restorative justice, gender equity and violence in the workplace. A catalogue of our audio-visual materials is also available.

If you are interested in borrowing any of these materials or require any additional assistance, please contact:
